JURISDICTION AND RULES OF THE COMMITTEE ON ENERGY AND NATURAL RESOURCES

EXCERPTS FROM THE STANDING RULES OF THE SENATE

COMMITTEE ON ENERGY AND NATURAL RESOURCES, to consist of 22 Senators (pursuant to 25.2 and 25.4), to which committee shall be referred all proposed legislation, messages, petitions, memorials, and other matters relating to the following subjects:

1. Coal production, distribution, and utilization.
2. Energy policy.
3. Energy regulation and conservation.
4. Energy related aspects of deepwater ports.
5. Energy research and development.
6. Extraction of minerals from oceans and Outer Continental Shelf lands.
7. Hydroelectric power, irrigation, and reclamation.
8. Mining education and research.
9. Mining, mineral lands, mining claims, and mineral conservation.
10. National parks, recreation areas, wilderness areas, wild and scenic rivers, historical sites, military parks and battlefields, and on the public domain, preservation of prehistoric ruins and objects of interest.
11. Naval petroleum reserves in Alaska.
12. Nonmilitary development of nuclear energy.
13. Oil and gas production and distribution.
14. Public lands and forests, including farming and grazing thereon, and mineral extraction therefrom.
15. Solar energy systems.
16. Territorial possessions of the United States, including trusteeships.

Such committee shall also study and review, on a comprehensive basis, matters relating to energy and resources development, and report thereon from time to time.

25.1. The standing committees shall be appointed at the commencement of each Congress, and shall continue and have the power to act until their successors are appointed, with leave to report by bill or otherwise on matters within their respective jurisdictions.

26.3. Each standing committee (except the Committee on Appropriations) shall fix regular weekly, biweekly, or monthly meeting days for the transaction of business before the committee and additional meetings may be called by the chairman as he may deem necessary. If at least three members of any such committee desire that a special meeting of the committee be called by the chairman, those members may file in the offices of the committee their written request to the chairman for that special meeting. Immediately upon the filing of the request, the clerk of the committee shall notify the chairman of the filing of the request. If within 3 calendar days after the filing of the request, the chairman does not call the requested special meeting, to be held within 7 calendar days after the filing of the request, a majority of the members of the committee may file in the offices of the committee their written notice that a special meeting of the committee will be held, specifying the date and hour of that special meeting. The committee shall meet on that date and hour. Immediately upon the filing of the notice, the clerk of the committee shall notify all members of the committee that such special meeting will be held and inform them of its date and hour. If the chairman of any such committee is not present at any regular, additional, or special meeting of the committee, the ranking member of the majority party on the committee who is present shall preside at that meeting.

26.5.(a) Notwithstanding any other provision of the rules, when the Senate is in session, no committee of the Senate or any subcommittee thereof may meet, without special leave, after the conclusion of the first two hours after the meeting of the Senate commenced and in no case after two o'clock postmeridian unless consent therefor has been obtained from the Majority Leader and the Minority Leader (or in the event of the absence of either of such Leaders, from his designee). The prohibition contained in the preceding sentence shall not apply to the Committee on Appropriations or the Committee on the Budget. The Majority Leader or his designee shall announce to the Senate whenever consent has been given under this subparagraph and shall state the time and place of such meeting. The right to make such announcement of consent shall have the same priority as the filing of a cloture motion.

26.6. Morning meetings of committees and subcommittees thereof shall be scheduled for one or both of the periods prescribed in this paragraph. The first period shall end at eleven o'clock antemeridian. The second period shall begin at eleven o'clock antemeridian and end at two o'clock postmeridian.

26.7.(a) (1) Except as provided in this paragraph, each committee, and each subcommittee thereof is authorized to fix the number of its members (but not less than one-third of its entire membership) who shall constitute a quorum thereof for the transaction of such business as may be considered by said committee, except that no measure or matter or recommendation shall be reported from any committee unless a majority of the committee were physically present.

(2) Each such committee, or subcommittee, is authorized to fix a lesser number than one-third of its entire membership who shall constitute a quorum thereof for the purpose of taking sworn testimony.

(3) The vote of any committee to report a measure or matter shall require the concurrence of a majority of the members of the committee who are present. No vote of any member of any committee to report a measure or matter may be cast by proxy if rules adopted by such committee forbid the casting of votes for that purpose by proxy; however, proxies may not be voted when the absent committee member has not been informed of the matter on which he is being recorded and has not affirmatively requested that he be so recorded. Action by any committee in reporting any measure or matter in accordance with the requirements of this subparagraph shall constitute the ratification by the committee of all action theretofore taken by the committee with respect to that measure or matter, including votes taken upon the measure or matter or any amendment thereto, and no point of order shall lie with respect to that measure or matter on the ground that such previous action with respect thereto by such committee was not taken in compliance with such requirements.

(b) Each committee (except the Committee on Appropriations) shall keep a complete record of all committee action. Such record shall include a record of the votes on any question on which a record vote is demanded. The results of rollcall votes taken in any meeting of any committee upon any measure, or any amendment thereto, shall be announced in the committee report on that measure unless previously announced by the committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment by each member of the committee who was present at that meeting.

(c) Whenever any committee by rollcall vote reports any measure or matter, the report of the committee upon such measure or matter shall include a tabulation of the votes cast by each member of the committee in favor of and in opposition to such measure or matter. Nothing contained in this subparagraph shall abrogate the power of any committee to adopt rules:

(1) providing for proxy voting on all matters other than the reporting of a measure or matter, or

(2) providing in accordance with subparagraph (a) for a lesser number as a quorum for any action other than the reporting of a measure or matter.

26.10.(b) It shall be the duty of the chairman of each committee to report or cause to be reported promptly to the Senate any measure approved by his committee and to take or cause to be taken necessary steps to bring the matter to a vote. In any event, the report of any committee upon a measure which has been approved by the committee shall be filed within 7 calendar days (exclusive of days on which the Senate is not in session) after the day on which there has been filed with the clerk of the committee a written and signed request of a majority of the committee for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the chairman of the committee notice of the filing of that request. This subparagraph does not apply to the Committee on Appropriations.

(c) If at the time of approval of a measure or matter by any committee (except for the Committee on Appropriations), any member of the committee gives notice of intention to file supplemental, minority, or additional views, that member shall be entitled to not less than 3 calendar days in which to file such views, in writing, with the clerk of the committee. All such views so filed by one or more members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which—

(1) shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and

(2) shall bear upon its cover a recital that supplemental, minority, or additional views are included as part of the report. This subparagraph does not preclude—

(A) the immediate filing and printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subparagraph; or

(B) the filing by any such committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

RULES OF THE SENATE COMMITTEE ON ENERGY AND NATURAL RESOURCES

GENERAL RULES

Rule 1. The Standing Rules of the Senate, as supplemented by these rules, are adopted as the rules of the Committee and its Subcommittees.

MEETINGS OF THE COMMITTEE

Rule 2. (a) The Committee shall meet on the third Thursday of each month while the Congress is in session for the purpose of conducting business, unless, for the convenience of Members, the Chairman shall set some other day for a meeting. Additional meetings may be called by the Chairman as he may deem necessary.

(b) Hearings of any Subcommittee may be called by the Chairman of such Subcommittee, Provided, That no Subcommittee hearing other than a field hearing, shall be scheduled or held concurrently with a full Committee meeting or hearing, unless a majority of the Committee concurs in such concurrent hearing.

OPEN HEARINGS AND MEETINGS

Rule 3. (a) All hearings and business meetings of the Committee and all the hearings of any of its Subcommittees shall be open to the public unless the Committee or Subcommittee involved, by majority vote of all the Members of the Committee or such Subcommittee, orders the hearing or meeting to be closed in accordance with paragraph 5(b) of Rule XXVI of the Standing Rules of the Senate.

(b) A transcript shall be kept of each hearing of the Committee or any Subcommittee.

(c) A transcript shall be kept of each business meeting of the Committee unless a majority of all the Members of the Committee agrees that some other form of permanent record is preferable.

HEARING PROCEDURE

Rule 4. (a) Public notice shall be given of the date, place, and subject matter of any hearing to be held by the Committee or any Subcommittee at least one week in advance of such hearing unless the Chairman of the full Committee or the Subcommittee involved determines that the hearing is non-controversial or that special circumstances require expedited procedures and a majority of all the Members of the Committee or the Subcommittee involved concurs. In no case shall a hearing be conducted with less than 24 hours notice. Any document or report that is the subject of a hearing shall be provided to every Member of the Committee or Subcommittee involved at least 72 hours before the hearing unless the Chairman and Ranking Member determine otherwise.

(b) Each witness who is to appear before the Committee or any Subcommittee shall file with the Committee or Subcommittee, at least 24 hours in advance of the hearing, a written statement of his or her testimony in as many copies as the Chairman of the Committee or Subcommittee prescribes.

(c) Each Member shall be limited to five minutes in the questioning of any witness until such time as all Members who so desire have had an opportunity to question the witness.

(d) The Chairman and Ranking Minority Member of the Committee or Subcommittee or the Ranking Majority and Minority Members present at the hearing may each appoint one Committee staff member to question each witness. Such staff member may question the witness only after all Members present have completed their questioning of the witness or at such other time as the Chairman and the Ranking Majority and Minority Members present may agree. No staff member may question a witness in the absence of a quorum for the taking of testimony.

BUSINESS MEETING AGENDA

Rule 5. (a) A legislative measure, nomination, or other matter shall be included on the agenda of the next following business meeting of the full Committee if a written request by a Member of the Committee for such inclusion has been filed with the Chairman of the Committee at least one week prior to such meeting. Nothing in this rule shall be construed to limit the authority of the Chairman of the Committee to include a legislative measure, nomination, or other matter on the Committee agenda in the absence of such request.

(b) The agenda for any business meeting of the Committee shall be provided to each Member and made available to the public at least three days prior to such meeting, and no new items may be added after the agenda is so published except by the approval of a majority of all the Members of the Committee on matters not included on the public agenda. The Staff Director shall promptly notify absent Members of any action taken by the Committee on matters not included on the published agenda.

QUORUMS

Rule 6. (a) Except as provided in subsections (b) and (c), eight Members shall constitute a quorum for the conduct of business of the Committee.

(b) No measure or matter shall be ordered reported from the Committee unless twelve Members of the Committee are actually present at the time such action is taken.

(c) One Member shall constitute a quorum for the purpose of conducting a hearing or taking testimony on any measure or matter before the Committee or any Subcommittee.

VOTING

Rule 7. (a) A rollcall of the Members shall be taken upon the request of any Member. Any Member who does not vote on any rollcall at the time the roll is called, may vote (in person or by proxy) on that rollcall at any later time during the same business meeting.

(b) Proxy voting shall be permitted on all matters, except that proxies may not be counted for the purpose of determining the presence of a quorum. Unless further limited, a proxy shall be exercised only upon the date for which it is given and upon the items published in the agenda for that date.

(c) Each Committee report shall set forth the vote on the motion to report the measure or matter involved. Unless the Committee directs otherwise, the report will not set out any votes on amendments offered during Committee consideration. Any Member who did not vote on any rollcall shall have the opportunity to have his position recorded in the appropriate Committee record or Committee report.

(d) The Committee vote to report a measure to the Senate shall also authorize the staff of the Committee to make necessary technical and clerical corrections in the measure.

SUBCOMMITTEES

Rule 8. (a) The number of Members assigned to each Subcommittee and the division between Majority and Minority Members shall be fixed by the Chairman in consultation with the Ranking Minority Member.

(b) Assignment of Members to Subcommittees shall, insofar as possible, reflect the preferences of the Members. No Member will receive assignment to a second Subcommittee until, in order of seniority, all Members of the Committee have chosen assignments to one Subcommittee, and no Member shall receive assignment to a third Subcommittee until, in order of seniority, all Members have chosen assignments to two Subcommittees.

(c) Any Member of the Committee may sit with any Subcommittee during its hearings but shall not have the authority to vote on any matters before the Subcommittee unless he is a Member of such Subcommittee.

NOMINATIONS

Rule 9. At any hearing to confirm a Presidential nomination, the testimony of the nominee and, at the request of any Member, any other witness shall be under oath. Every nominee shall submit the financial disclosure report filed pursuant to title I of the Ethics in Government Act of 1978. Such report shall be made available to the public pursuant to the provisions of that Act or other applicable law.

INVESTIGATIONS

Rule 10. (a) Neither the Committee nor any of its Subcommittees may undertake an investigation unless specifically authorized by the Chairman and Ranking Minority Member or a majority of all the Members of the Committee.

(b) A witness called to testify in an investigation shall be informed of the matter or matters under investigation, given a copy of these rules, given the opportunity to make a brief and relevant oral statement before or after questioning, and be permitted to have counsel of his or her choosing present during his or her testimony at any public or closed hearing, or at any unsworn interview, to advise the witness of his or her legal rights.

(c) For purposes of this rule, the terms "investigation" shall not include a review or study undertaken pursuant to paragraph 8 of Rule XXVI of the Standing Rules of the Senate or an initial review of any allegation of wrongdoing intended to determine whether there is substantial credible evidence that would warrant an investigation.

SWORN TESTIMONY

Rule 11. Witnesses in Committee or Subcommittee hearings may be required to give testimony under oath whenever the Chairman or Ranking Minority Member of the Committee or Subcommittee deems such to be necessary. If one or more witnesses at a hearing are required to testify under oath, all witnesses at such hearing shall be required to testify under oath.

SUBPOENAS

Rule 12. The Chairman shall have authority to issue subpoenas for the attendance of witnesses or the production of memoranda, documents, records, or other materials (1) with the agreement of the Ranking Minority Member, (2) when authorized by a majority of all the Members of the Committee, or (3) when within the scope of an investigation authorized under Rule 10(a).

CONFIDENTIAL TESTIMONY

Rule 13. No confidential testimony taken by or any report of the proceedings of a closed Committee or Subcommittee meeting shall be made public, in whole or in part or by way of summary, unless authorized by a majority of all the Members of the Committee at a business meeting called for the purpose of making such a determination.

DEFAMATORY STATEMENTS

Rule 14. Any person whose name is mentioned or who is specifically identified in, or who believes that testimony or other evidence presented at, an open Committee or Subcommittee hearing tends to defame him or otherwise adversely affect his reputation may file with the Committee for its consideration and action a sworn statement of facts relevant to such testimony or evidence.

BROADCASTING OF HEARINGS OR MEETINGS

Rule 15. Any meeting or hearing by the Committee or any Subcommittee which is open to the public may be covered in whole or in part by television broadcast, radio broadcast, or still photography. Photographers and reporters using mechanical recording, filming, or broadcasting devices shall position their equipment so as not to interfere with the seating, vision, and hearing of Members and staff on the dais or with the orderly process of the meeting or hearing.

AMENDING THE RULES

Rule 16. These rules may be amended only by vote of a majority of all the Members of the Committee in a business meeting of the Committee: Provided, That no vote may be taken on any proposed amendment unless such amendment is reproduced in full in the Committee agenda for such meeting at least three days in advance of such meeting.
